DETAILED ACTION

Allowable Subject Matter

1. Claims 31-38 are allowed.
2. The following is an examiner's statement of reasons for allowance: The invention as claimed is not disclosed nor rendered obvious in view of the prior art of record. As to independent claim 31, the prior art of record fails to teach or suggest, alone or in combination, the recited handfree-set for mounting on a safety belt of an automotive vehicle comprising fastening plates arranged at both sides of the belt and connected to one another through an opening in the belt in a non-rotational manner with respect to the belt, in which the counter-contacts are mounted on the fastening plate at the microphone side and connected through the fastening plate to the conducting filaments. No prior art was found that discloses or teaches the limitations of claim 31.
3. Claims 32-38 are dependent upon claim 31, therefore claims 32-38 are allowed.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
